T +41 31 389 91 91 | F +41 31 389 92 00**

---

## WELCOME NOTE

---

Berne, May 2014

Dear friends of SAKK  
dear madam or sir, dear colleagues

It is our pleasure to invite you to the semi-annual meeting which will be held in Berne, on two days on June 26 and 27, 2014. We will meet for the first time at the Berne EXPO congress center. Please find hereafter the program, general information and registration form.

In order to have more time for networking, we have deliberately abstained from a symposium; however we are happy to again be able to honor fellow oncologists for their research in cancer care.

Our project- and working groups as well as sections are working closely together, hence connecting their expertise in joint meetings. We also have the distinct pleasure of announcing a new working group which will be inaugurated on Friday, June 27, 2014. Its main focus lies in «imaging in diagnostic and therapy monitoring».

Other partner organizations use our platform to meet as well. We will again have two eventful days which will bring progress to cancer care.

We take the opportunity to draw your attention to our 50<sup>th</sup> anniversary next year. National and regional events are planned and we welcome your ideas to contribute to these activities. Please contact Ms Sonja Bill at our Coordinating Center (T 031 389 94 82. [sonja.bill@sakk.ch](mailto:sonja.bill@sakk.ch)).

Sincerely  
SAKK Coordinating Center

Prof. Dr. Beat Thürlimann  
President

Dr. Peter Brauchli  
Director
